

MIRA 5 | MIRA 7 | MIRA 9

- Clean pack design, reduce maintenance intervals
- Everything built in, chiller, exhaust fan & air assist
- Compact footprint for smaller spaces
- Red dot pointer system
- Knife & honeycomb bed on Mira 7 and 9 honeycomb on Mira 5
- Rise and fall motorised table
- Autofocus, WiFi & Lightburn as standard
- Optional CCD camera for Mira 7 and 9
- Safety locked access panels inc. lid
- Configured with Lightburn laser software
- Ergonomically designed laser machine
- 12 month warranty
- Installation & delivery available

MODEL	MIRA 5	MIRA 7	MIRA 9
Working area	500mm x 300mm	700mm x 450mm	900mm x 600mm
Footprint (without stand)	900mm x 710mm x 430mm	1100mm x 845mm x 480mm	1300mm x 1036mm x 550mm
Laser Power	AEON (60W)	AEON (80W)	RECI W2 (90W)
Max Engraving Speed	1200mm/min	1200mm/min	1200mm/min
Power Supply	220v 50Hz (Single phase 13A)	220v 50Hz (Single phase 13A)	220v 50Hz (Single phase 13A)
Z-Axis travel	120mm	150mm	150mm
Ideal cutting thickness	0-8mm	0-10mm	0-12mm
Max acceleration speed	5G	5G	5G
Fume extraction	Built in (option external filtered)	Built in (option external filtered)	Built in (option external filtered)
Air assist	18W Built-In Air Pump/External	105W Built-In Air Pump	105W Built-In Air Pump
Cooling (Built in)	Fan Cooled Water Chiller	Fan Cooled Water Chiller	Fan Cooled Water Chiller
Included	Auto focus sensor, WiFi, Lightburn Software, Laser Works		
Add ons	Rotary device, stand, fume extractor, wireless remote
